

CAPTAN® 80 WG

FUNGICIDE

MAPP 16294

GROUP M04 FUNGICIDE

Fungicide with preventive action against scab (*Venturia spp.*) on apples and pears.

PP CAPTAN 80 WG - Water dispersible granule formulation containing 80% w/w captan
Fungicide with preventive action against scab (*Venturia spp.*) on apples and pears

The (COSHH) Control of Substances Hazardous to Health Regulations may apply to the use of this product at work.

PP CAPTAN 80 WG contains 80% w/w captan.

DANGER

May cause an allergic skin reaction.
Causes serious eye damage.
Very toxic to aquatic life.
Suspected of causing cancer.

Avoid breathing gas.
Wear protective gloves/protective clothing/eye protection/face protection.
If skin irritation or rash occurs: Get medical advice/attention.
Wash contaminated clothing before reuse.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If exposed or concerned: Get medical advice/attention.
Collect spillage
Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste

To avoid risks to human health and the environment, comply with the instructions for use

UFI: AUFX-ENAC-QH20-ES5R

SAFETY PRECAUTIONS

Operator protection

Spray equipment must only be used where the operator's normal working position is within a closed cab on a tractor or on a self-propelled sprayer when making air-assisted applications to top fruit.

Engineering control of operator exposure must also be used where reasonably practicable in addition to the following personal protective equipment:

WEAR SUITABLE PROTECTIVE CLOTHING (COVERALLS), SUITABLE PROTECTIVE GLOVES AND FACE PROTECTION (FACESHIELD) when handling the concentrate.
WEAR SUITABLE PROTECTIVE CLOTHING (COVERALLS) AND SUITABLE PROTECTIVE GLOVES when handling contaminated surfaces or applying by hand-held equipment.

However, engineering controls may replace personal protective equipment if a COSHH assessment shows they provide an equal or higher standard of protection.

IF YOU FEEL UNWELL, seek medical advice immediately (show the label where possible).

Environmental protection

DO NOT ALLOW DIRECT SPRAY from broadcast air-assisted sprayers to fall within 30 m of the top of the bank of a static or flowing water body, unless a Local Environmental Risk Assessment for Pesticides (LERAP) permits a narrower buffer zone, or within 5 m of the top of a ditch which is dry at the time of

IMPORTANT INFORMATION FOR USE ONLY AS A FUNGICIDE

Crops	Maximum individual dose	Maximum number of treatments (per year)	Latest time of application
Apple	2 kg product/ha	10	31 days before harvest
Pear	2 kg product/ha	10	31 days before harvest

Other Specific Restrictions:

A minimum interval of 10 days must be observed between applications.

The maximum concentration must not exceed 1.7 g of product per 1 litre water when applying to apples by hand held equipment.

Spray equipment must only be used where the operator's normal working position is within a closed cab on a tractor or on a self-propelled sprayer when making air-assisted applications to top fruit.

READ THE LABEL BEFORE USE. USING THIS PRODUCT IN A MANNER THAT IS INCONSISTENT WITH THE LABEL MAY BE AN OFFENCE. FOLLOW THE CODE OF PRACTICE FOR USING PLANT PROTECTION PRODUCTS

application. Aim spray away from water.

This product qualifies for inclusion within the Local Environmental Risk Assessment for Pesticides (LERAP) scheme. Before each spraying operation from a broadcast air-assisted sprayer, either a LERAP must be carried out in accordance with the 'Local Environmental Risk Assessment for Pesticides Broadcast Air-Assisted Sprayers' booklet available from the HSE Chemicals Regulation Directorate's website or the statutory buffer zone must be maintained. The results of the LERAP must be recorded and kept available for three years.

To protect aquatic organisms respect an unsprayed buffer zone of 30 meters to surface water bodies.

Do not contaminate water with the product or its container. Do not clean application equipment near surface water. Avoid contamination via drains from farmyards and roads.

Storage and disposal

EMPTY CONTAINER COMPLETELY and dispose of safely.

DO NOT RE-USE CONTAINER FOR ANY PURPOSE
