

DIRECTIONS FOR USE

IMPORTANT: This information is approved as part of the Product Label. All instructions within this section must be read carefully in order to obtain safe and successful use of this product.

RESTRICTIONS OR WARNINGS

Do not spray on Bramley, Kidd's Orange, King Edward, Monarch, Red Delicious, Spartan or Winston apples or D'Anjou pears, as these may be sensitive.

CROP SPECIFIC INFORMATION

For the control of Scab in apples and pears

Rate of use: Max 2.0 kg product/ha in a minimum of 200 L/ha water according to the foliar coverage.

Timing: Apply at bud burst and repeat at 10 day intervals, 7-10 applications per season.

Pre-Harvest Interval: 31 days.

MIXING

Before use ensure all equipment is clean. Agitate the product thoroughly before and during application.

For hydraulic sprayer: Add half the required volume of water and start agitation, add the required quantity of PP CAPTAN 80 WG. Fill the tank to the required volume whilst maintaining agitation. Continuous agitation must be maintained until spraying is complete. Use only clean water.

For knapsack sprayer: mix thoroughly and use immediately.

Applications

Good coverage is essential. Apply to orchards with a water volume adapted to the vegetation size up to short of run-off.

Ensure the sprayer is correctly calibrated before use. Do not leave spray liquid in the sprayer for long periods (i.e. during meals or overnight).

Immediately after spraying, rinse inside of spray tank with clean water and flush through nozzles using at least one-tenth of spray tank volume. Drain completely. Thoroughly clean any measuring equipment after using PP Captan 80 WG.

PP CAPTAN 80 WG is a preventive fungicide so the first application should be made just before disease is expected to appear, with repeat applications at the recommended intervals for so long as protection is required.

COMPATIBILITY

Sprayers previously used to apply alkaline materials or oils must be thoroughly washed out before using PP CAPTAN 80 WG.

This product is to be used only in accordance with the recommendations and instructions given on the labels provided with this pack. Use in any other circumstances is entirely at user's risk.
